Spokane Valley, WA 99216

Dear Alan Cable & Staff at A.C.E:

We cannot thank A.C.E. enough for their seamless and immediate implementation of their K.I.S.S. Selective Soldering System at Qualitel Corporation.

K.I.S.S eliminated the need for 6 manual soldering technicians per shift, which we had difficulties hiring with the booming economy in the Greater Seattle Area.

We had the machine delivered within a month or so and on the same day, had operators trained, boards programmed and machine producing soldered boards with minimum to zero touch-up requirements.

Best Regards,
